

NIH R01 Proposal Development Academy

Courses start
 Monday, Sept 28, 2026
 12pm-1pm
 Overview of NIH and the R01

This **8-week** proposal development academy will orient researchers to NIH and its most frequently used award mechanism – **the R01**. The academy will review the core components of R01 applications, provide advice for structuring your proposal, and demystify the review process.

Who should attend?

- Early career faculty members and others who have not yet secured an R01 or equivalent award.
- Applicants at any stage of readiness are welcome and those committed to applying within the next 6-12 months are particularly encouraged to join.

**All sessions will be held virtually on
 Mondays from 12pm-1pm**

- **OCT 5** Specific Aims
- **OCT 12** Significance & Innovation
- **OCT 19** Approach: Basic Science, Clinical, Public Health & Social Science
- **OCT 26** Preliminary Data & Figures

- **NOV 2** Budgeting & Research Admin
- **NOV 9** Forms, Attachments, & Submission
- **NOV 16** Reviews, Study Sections, & Resubmission

QUESTIONS? *Contact Kimberly Eck*
keck@emory.edu

What is provided?

- Access to powerpoints, recorded lectures and talks
- Samples of successful applications
- A proposer's guide
- Feedback on a draft application, for up to 12 months after the program
